

## Madonna – The Unreleased (2010)

The new book by Frederic Gilmeau : «Madonna-The Scrapbook» is the first book-object ever made about the Queen of Pop.

For the first time a single book lists filmography (with a lot of informations, anecdotes and collectibles here), discography, promo and world Tour, theater collaborations, ...

This scrapbook is illustrated with newspaper articles from all around the world and over 150 photos ! These are often rare and sometimes unusual (backstage), most are presented in full page (24x34cm) and several series are printed in panoramic size (40inch = 1m.)

More than a book, «Madonna – The Scrapbook» is the first book to offer unreleased print media for a Madonna book : tracing paper, kraft paper, stanzloch ... The printing format in Italian and French way, give to the readers the best visuals and true interactivity with the book!

Printed in limited quantities and with the guarantee that no republication will be realized, this book is a true collector!
