May 12, 2020 Updated version of LOTR Bfme 1 Improved Version. Going to get a LOTR BFME 2 Release and I had pretty strong demand for it as well. Sep 05, 2019 I work on this Game about 7 years ago (2013) and just put the game back online. Item are not working properly, clicking on them does nothing. I tried to find the problem by myself, but I'm not having any success... The original code of the lotr 2 mod was created by Balpix. I did not find a solution for the problem, so I hope someone can help me with this problem. Problem 1: the mod loads (content is there) and the minimap is open, but nothing shows on the minimap. Problem 2: the rpcs and dorts have no number, so that they do not show on the minimap. Problem 3: nothing happens when using a different map than the original one. You can download the mod here: I hope someone can help me with this problem, because I have no clue how to solve this. Thank you. A: On the first problem, you have to edit the LOTRO_MAPS\lotro.txt file in your LotR BFME 1\Data directory. You have to find the line "Map Points":[and delete its contents. It will recreate the map points file "Map Points":[and LotR BFME 1 will start to work fine again On the second problem, you have to edit the LOTRO_MAPS\mapoints\ddoor.dat file in your LotR BFME 1\Data directory. You have to find the line "Map Dorts":[and delete its contents. It will recreate the map dorts file "Map Dorts":[and LotR BFME 1 will start to work fine again On the third problem, it's a really complicated one, and I don't know if there is a solution. You have to change the file LOTRO_DATA_FILE.DATA in your Lot ba244e880a
