
Jul 20, 2010 i want to make a game like cs go. Here is a good project for this, i'll help you if you like. It's multiplayer and it's almost finished. You can download the model from here, you will need the zom (zombie) model (file: . I've added something to the models/player (file: . Aug 24, 2010 i'm not finished yet. i changed a part of the original model. If you want to see the game click here, Sep 25, 2010 i'll make a game like cs go. it's a new project with modding possibilities. if you like it, here is the project, you need to download the model, edit the files and add your own model. in the link i wrote the name of the model. Oct 14, 2010 i changed the last_spawn_x and last_spawn_y Dec 14, 2010 i'm finished yet. the last update is here. Thanks for helping me! 1. Technical Field The present invention relates to a liquid ejecting head which ejects liquid from a nozzle opening and a liquid ejecting apparatus, and a liquid ejecting method. 2. Related Art An ink jet recording apparatus which is a type of liquid ejecting apparatus is provided with an ink jet recording head in which a large number of nozzle openings are formed and ink is ejected from each of the nozzle openings to record an image on a recording medium. Such an ink jet recording head includes an ink supply system which supplies ink to the recording head and an ink tank provided with an ink supply port connected to the ink supply system. The ink supply system is configured to include a flexible tube which connects the ink tank and the recording head, and an upstream side regulating valve which regulates the flow of ink. The upstream side regulating valve is provided in a space between the ink supply port in the ink tank and the ink supply system in a state where the upstream side regulating valve is closed, in order to prevent ink from leaking from the ink tank. The upstream side regulating valve is closed when the upstream side regulating valve is depressed and moved toward the 2d92ce491b
