
Pika Software Builder Full Version Free 16 ((TOP))

May 22, 2013 - The world's only program builder that allows anyone to create complete windows programs without any programming knowledge. With Pika ... You can easily create programs that work just like windows programs. You get a powerful editor in Russian which allows you to use more than 500 functions, including variables, global and local arrays, loops, arrays of functions and arrays, functions and procedures. At the same time, not a single word of the Russian language is reserved.
